

Cleanliness Drive Programme by NSS

On 31st December, 2021, the NSS volunteers comprising 30 Nos organised a Cleanliness Drive Programme at College Campus. The theme of the programme was **“CLEAN CAMPUS HEALTHY CAMPUS”**. The Programme started at 9.10 am and continued till 3.30 pm. Looking at the condition of the college, the NSS Unit has decided to organise the Programme. Apart from cleaning the campus, the Unit also cleaned “Sankrdeva Collegiate High School”. After cleaning the Programme, the NSS volunteers did some drawing in the boundary wall of the nearby school and College. The drawing was related with Swachh Bharat. The main motive behind the activities was basically to bring awareness among the students to make a Plastic free Camus.
